Parade Highlights Festivities As 'Kids' Take Over Grove

Saturday is Kid's Day in Lemon Grove.

It's the 11th annual such event sponsored by the Kiwanis Club.

Kid's Day starts at 9 a.m. with free movies at the Grove Theatre. There will be two free shows, as a matter of fact. Kids will be admitted free at both the 9 and 10:30 a.m. showings.

Immediately after the movies comes the Kid's Day parade. All youngsters between 6 and 15 may take part. The parade starts at Lincoln and Imperial and marches to Broadway. It turns east on Broadway to Kempf where it turns south to the junior high school recreation field where prizes and free ice cream will be distributed.

The prizes will go to parade rs who are judged to have the best decorated bicycle, best decorated wheeled entries other than bicycles, and for costumes. Prizes will go for the best comic, the best original, and the best character costume.

The parade will start at 1 p.m. after the second show at the Grove theatre is out. Parade marshal will be Kiwanis Div. II Lt. Gov. Dr. Simon C. Brumbaugh. He will share the spotlight with Miss Lemon Grove Chamber of Commerce Martha Allen and the Mt. Miguel High School band and other area musical aggregations.

Kids wishing to participate in the parade may do so simply by showing up at Imperial and Lincoln streets just before 1 p.m.

Kid's Day Chairman Jack Durham said the event is one in which Kiwanis members had a chance to spend some time and money on the youngsters of the community. Kiwanis clubs usually keep programs for the betterment of youngsters going all year long. "It is one day in the Kiwanis year where the youngsters and club members have a real fun day," he said.

President of the local club is Dr. Thayer Crow.

Clock Change Due Sunday

Sunday will be the longest day in the year.

It will be thirteen hours long.

The extra hour is caused by turning back clocks at the time California goes back on Pacific Standard Time.

The official way to doing it is to wait until 1 a.m. Sunday then turn your clock back to midnight.

Not so official but equally effective is to turn your clock back Saturday at bedtime. If you are a 10 p.m. bed-goer, make your clock read 9 p.m. as you crawl into bed. When you awaken, the sun will be a little higher, but you'll be in time with all other Californians.

All those who didn't forget to turn their clock back, that is.

La Mesa-SV School District Receives $75,000

According to an announcement by Congressman James B. Utt (R-28th Dist.), La Mesa-Spring Valley School District has been awarded the sum of $75,913.00 for school operating funds pursuant to Public Law 874.

Schools which are heavily burdened by the impact of Federal installations in their area are eligible for financial assistance under this Public Law.

The amount certified for payment is determined from the tentative entitlement for the fiscal year computed on the basis of information and estimates contained in the application. The total entitlement for the School District for fiscal year 1961 has been set at $151,826.00 of which the above amount has been certified for immediate payment. Additional payments will be subject to such adjustments as may be required by actual data and by the availability of funds in relation to total entitlements for financial assistance.

Mount Miguel Tops County HS Enrollment

New enrollment records and resulting problems have occurred as Mount Miguel High School began its 1960-61 school year.

A record number of students, 2,538, placed Mount Miguel first in enrollment in the San Diego County area.

A double session was initiated at the school to facilitate the enlarged student body. Although this system helps to regulate the traffic through school halls, it also has caused problems for both students and administration. Programs have had to be adjusted to accommodate various extra-curricular student activities.

Many Matadors arrive at school at 7 a.m. in order to attend the early session.

New regulations have become necessary because of the student influx to insure good education and a healthy invironment for study.

Melvin C. Grant, principal of the school, reported that he was pleased with the orderly movement of students and the good organization throughout the school.

Mr. Grant further stated, "We especially encourage the student body to assist in helping the school run as smoothly as possible, adjusting to the new rules and regulations which are needed for the proper administration of Mount Miguel. Work hard this year to complete assignments on time. Make your experiences at school as truly educational as possible."

Speaker Wants Loyalty Oath Abolished

More than 150 persons who attended the L.G. Co-ordinating Council's bi-partisan political informational meeting Monday night heard two opposite points of view.

Dr. Melvin Crain, professor of political science at State College said he is strongly opposed to the loyalty oath and that the House Un-American Activities Committee should be abolished. He said it makes as much sense to require women to take a fidelity oath after years of marriage as to require Americans to take a loyalty oath. The Un-American Activities Committee has been discredited and even the chairman of the Committee wants it dissolved, he said.

Dr. Crain is vice president of the County Democratic Central Committee and is candidate for the board of the Grossmont Hospital District.

Clair W. Burgener, vice president of the County Citizens for Nixon Committee said Republicans stood for honest unionism, were concerned about the effect of inflation on fixed incomes and believed the nation should fix its own rate of growth. He said he did not think the U.S. was a second rate military force and that the Russians didn't either.

Rev. E. Walter Smith presided at the meeting.

Vaccine Saves Roberta Sosa From Paralysis

A Lemon Grove girl attending Mt. Vernon School kindergarten the first week, will escape the paralysis of polio because her parents had three Salk vaccine shots administered to her before the disease struck.

Little Roberta Sosa, 5, daughter of Mr. and Mrs. Frank Sosa, 8355 Robbie Way, is in Children's Hospital recovering rapidly after being stricken Monday.

Mrs. Sosa said Roberta is now able to move her legs and the doctors said she might come home in two weeks.

Fire District Tax Rate Cut; Reduction in Area Cost Cited

The Lemon Grove Fire District Commissioners cut the tax rate two cents at their monthly meeting last week.

They voted to reduce the tax from 58c to 56c for each $100 worth of assessed valuation.

The reduction will be effective with the next county tax bill for 1960-61 period which property owners will pay in part or in whole in November, according to Vroman J. Dorman, counsel for the fire district.

Dorman said the reduction was made possible by the district having built up a reserve by which the outstanding bonded indebtedness would be paid off by the end of the year. He said that a program of repairing and rebuilding the district's fire hydrants instead of replacing them also contributed to the reduction. The hydrant program, under Chiefs Hensley and Dixon, is saving the district $25,000. New valves, Dorman said, cost about $400 each.

The district is embarked on a program of converting all hydrants to a six inch standard valve. A new hydrant is being installed at Golden and School Lane and another at Imperial and Washington. These are for the protection of the grade and parochial school respectively, he said.

Dorman said the addition of two new men, salary increases of five per cent plus the normal salary increment still left enough to indicate the rate reduction.

By the end of the year, Dorman said, the district's reserve fund will be up to $90,000. Approximately $30,000 of that will be withdrawn to buy a new fire truck in line with the district's growth program, he said.

Two New Exchange Students Join 'Lemon Grove' Family

Two new "citizens" have joined the Lemon Grove "family."

They are Katherine Barre and Eduardo Leira, both exchange students that have come to this country to study at Mount Miguel High School under the American Field Service program.

They arrived in this country, in New York, August 20 with about 100 other AFS exchange students, and then continued to their new "home" by plane.

Here, they met their new "foster" families and started the life of an American student.

Katherine, who is 17, is from Paris, France and is staying with Mr. and Mrs. Byron Netzley, 2324 Golden ave. Mr. Netzley is superintendent of the Lemon Grove School District.

Eduardo is a 16-year-old from Madrid, Spain. He is with the George Newcombs, 1522 Larwood.

The two students started school with their new classmates last week. To help them get better acquainted and to give them an official welcome Mount Miguel will hold a Welcome Dance in their honor Saturday, September 24, at 8 p.m to 11 p.m. The dance is sponsored by the PTA and will be held in the school cafetorium

The Del Fi's will furnish the music. And, to quote an expression like you don't hardly hear any more, admission is 50 cents stag—90 cents drag.

NEW CITIZENS—Katherine Barre, 17, and Eduardo Leira, 16, recently arrived in this country and are studying at Mount Miguel High School as exchange students. Students Vie For Newspaper Contest Prize

National Newspaper Week is being observed for the 21st year across the nation October 15-21.

The contest will be based on an essay developed around this year's Newspaper Week's theme, Your Newspaper - Freedom's Guardian.

Judges, deadlines, and general rules will be announced to contestants later in the week, Junior High School Principal Robert Sutton said.

the DIMMER VIEW

by MAX GOODWIN

More than 1,000 San Diego County Republicans contributed $103,000 last week to help the GOP cause and to hear U.S. Rep. Walter H. Judd (R-Minn.) spell out the issues of the upcoming presidential election.

While he explained that the issues, from the Republican point of view, were national security and national solvency, he created high interest in his proposed "Freedom Academy".

The Freedom Academy, if created, would rank with West Point and the Air Force Academy in security stature. Such a facility would round out American defenses in this era of total warfare, he pointed out.

Such an academy would teach how to dish up democracy in word, speech, and action. It is rather frightening to learn that no such facilities now exist in the United States in spite of the Russians capitalizing on this type of warfare for a couple of generations.

On the other hand, this may help explain why our State Department often gives the appearance of going several directions at once diplomatically in lands where the pressure of Communism is being applied.

A Freedom Academy probably would supply information, knowledge and policy to those who represent the United States both at home and abroad.

This may very well be the missing ingredient in the thing called "national backbone!"

* * *

The Lemon Grove Elementary School District last week commenced action by which it hopes to recover property taken by the county via a road easement at the east end of Palm Avenue school property.

Back in 1957 when the district acquired this property for its burgeoning school population, the County Planning Department wouldn't approve plans for the proposed school until the district agreed to dedicate property on three sides of the school for road use.

The easement for the widening of Palm and Mt. Vernon streets was fine because the school grounds stretched all the way between these existing streets.

When the planning Department demanded a 40 foot easement, 890 feet in length, along the brow of a hill separating the school from the Mukai farm, the board resisted with a passion. They held special meetings but the Planning Department was not to be persuaded from their adament position. They held this position too, in spite of the fact that there was no semblance of a need for a road across this hilltop in a sense of convenient usage. It seemed foolish to the school board that the youngsters were to be denied the use of this land for a road that common sense said would never be built.

The Planning Department wouldn't be put down, however, and the district was forced to give away the land in

Grove Fire Department Receives Red Cross 'Appreciation' Tokens

For a number of years the station wagon for the Red Cross Motor Service in the Helix Area, has been barned at the Lemon Grove Fire Department. Recent changes in the Department made it necessary that a new home be found for the vehicle. It is now housed in the garage of Mr. and Mrs. Paul Fellowes, 8080 Golden ave., Lemon Grove.

In appreciation of the fine service in assisting the Red Cross, the San Diego Chapter of the American National Red Cross, last Monday, presented the following letter of commendation to Chief H. L. Hensley, from J. T. Selden, Lieut. Gen. USMC, ret, who is the Chapter Chairman:

"Dear Chief Hensley:

"On behalf of this American Red Cross Chapter, I desire to extend our sincere thanks to you and to the members of the Lemon Grove Fire Department for the assistance you have given the Red Cross in storing and attending to the maintenance of our Motor Service auto. I can, to some extent, realize and I do appreciate the efforts which have been made by you and other members of the Fire Department in extending this courtesy to us.

"To the official thanks of this Chapter I desire to add my own expression of my deep personal appreciation to you and to your men who have given so generously of your time that this Red Cross service could be made available to the people of the Lemon Grove Community."

The letter was presented to Chief Hensley, Monday morning by Mrs. Dennis McLaughlin, vice chairman for the Lemon Grove section, following a "Coffee" held in honor of Mrs. Shelby Follis, the new Motor Corps Chairman, at the Lemon Grove Woman's Clubhouse.

APPRECIATION—A letter of appreciation and a box of fruit were presented to the men of the Lemon Grove Fire Department as a token of thanks from the Lemon Grove Chapter of the American Red Cross. The men, for several years, cared for the Chapter's Red Cross station wagon when it was not in use, every day washing it and keeping it looking good. Fire Chief H. L. Hensley accepted the letter and the fruit from Mrs. D. L. McLaughlin, vice chairman of the Lemon Grove Red Cross Branch. Fire Capt. Mark Foote, second from left, and Asst. District High Schools Start Bus. Ed. Classes

Classes which reflect California's fast growing business economy are in operation in the business education departments of Grossmont Union High School District schools this fall. These classes are designed to train students to enter the field of distribution, a field which includes retailing, wholesaling, and sales-service. It is in this distributive area that the largest number of job opportunities occurs for beginning workers.

Teachers working with these merchandising classes are required to have special vocational credentials which require college courses in the subjects taught, as well as a minimum of three years of successful business experience and the ability to work with business groups.

Each of the six high schools has classes in merchandising. Quentin Decker is teacher-coordinator at Grossmont, John Stubbs at Mt. Miguel, and Robert Woods at Helix High. All men have wide backgrounds in retailing and sales work. Each teacher - coordinator has one hour each day when he is scheduled to contact employers, to help students find part-time jobs, and to help students progress on the job.

The merchandising program is the largest reimbursed business education program in the state, with funds allotted from the California Bureau of Business Education. Mrs. Virginia Clapp, supervisor of distributive education for the Grossmont District said, "This method of having the student work part time on the job while he is taking related class work has proved to be an ideal learning situation. Students learn almost twice as fast when they can apply daily on the job what they are learning in the classroom. Local employers have been helpful with the program during the past two years, and it is hoped that they will continue to be interested as the new school year's program gets under way. There are about 150 students who will be placed at jobs in the community."

MEET YOUR NEIGHBOR

This week, instead of introducing one neighbor, it is with pride that I introduce a community of neighbors.

One evening last week, word was sent out that there was a family among us who needed help to get them over a temporary need. Mothers and children volunteered to cover their block, and ask their neighbors to help also. The help they got was overwhelming, and no one insisted on knowing who they were helping. It was enough to know it was a legitimate need, and a neighbor. We can all be mighty proud of ourselves.

AVONDALE PTA

For reasons of health, Barbara Jordan was forced to submit her resignation as president of the Avondale PTA at a special board meeting on September 15. She expressed her thanks for the help given her while president, and the hope that she would be able to join in the activities of the school again soon.

Sydney Merritt was then elected president, and Elaine Horowitz first vice president, filling the vacancies and completing the board.

L. L. PICNIC

There were over 100 people who attended the picnic arranged by the Women's Auxiliary of the Spring Valley Little League, and they all seemed to have a wonderful time, but the best time of all was had by the boys, for in a game they played against the managers and coaches, they won 1-0. It was a wonderful way to end the season, and as they left, the talk was all about next year's picnic, and how they were looking forward to it.

FLAG SALUTE

The flag salute for this month's Avondale PTA meeting was led by four members of the school's Safety Patrol Guard; Nicky Henning, George Horowitz, Donald Snipes, and Danny Mahanke.

UF Bus Carries 'Word' to LG

The 1960 United Fund campaign rolled into Lemon Grove last week aboard an all-white special bus emblazoned with the Fund's "Big Red One."

The bus, provided by the San Diego Transit System, carried a number of the top volunteer leaders in the big countywide drive on behalf of 97 community health and welfare agencies.

Meeting the bus were local campaigners headed by Byron Netzley, Lemon Grove Division chairman.

Paul Wolcott jr., a campaign co-chairman, said the all-day trip was intended to carry word of the importance of the drive.

"We have a goal of $3,250,000," he said. "This is money which 97 vital community agencies must have to continue providing their programs and services.

"To raise this goal, every man and woman in the county must do his or her part."

Locally, campaigners in the Lemon Grove Division have a quota of $7,216.

Boy Scouts Aid UF Campaign

Boy Scouts locally and throughout the entire county will be out in force this Saturday morning distributing 8,000 United Fund window cards to local business firms.

"This is the first time in four years that our boys have been so engaged in helping the United Fund campaign," said Dan O. Henry, scout executive of the San Diego County Council, Boy Scouts of America. "We are hoping that this event will become an annual activity for them."

The Boy Scouts are one of the 97 health, welfare, and social service agencies supported through the United Fund's single annual campaign.

In Lemon Grove, the Veterans of Foreign Wars, Post 2082, will sponsor Troop 322, Scout Leader Hibbard C. Stubbs; and the First Congregational Church and the Men's Club will sponsor Troop 309, Scout Leader James E. Folk.

Walker-Scott Marks Anniversary

Walker Scott Company begins a two weeks celebration of its 25th Anniversary today with a series of events in all three stores, Walker Scott Downtown, Stevenson's at La Jolla and Walker Scott College Grove.

The company opened its doors for business at the present downtown location October 3, 1935. George A. Scott, then in his 20's, prepared the store for opening and has been its chief executive officer ever since.

The birthday celebration begins today with a store-wide sale. A birthday cake weighing a ton and a quarter—one hundred pounds for every year—will be displayed in a window of the downtown store September 26. On September 30 the giant cake will be cut and served to store customers and friends. Prizes valued at $2,500 will be distributed.

The progress of the Walker Scott Company in the community has been steady since its founding. Opened for business in 1935, a depression year, the firm has never failed to show a profit. It has made substantial growth each year, making enlargement of the original store space necessary several times.

In 1959, Walker Scott Company purchased Stevenson's at La Jolla, and in July of this year opened its new 160,000 square foot store in College Grove Center.

order to get on with the building of the school. The architect compensated for the reduced area by shifting the school a bit here and there to accommodate the unique demand, and Palm Avenue school has since become one of our two junior high schools.

Last week plans were submitted to the Planning Department for approval of building several classrooms at Palm. The architect, aware of the easement, attempted to get grade levels of the "vital" road so that the new construction would conform to these grades.

"What road?" the Planning Department asked, in effect.

The school board was then amazed to learn from the the Planning Department that it was not "feasible" to have a road along the brow of the hill east of the Palm St. school.

That, boys and girls, is exactly what your school board tried to tell the Planning Department during the weeks-long hassles back in 1957.

As a result, the district may soon be able to utilize the 30 by 890 foot strip, but only after paying to have some utility poles moved at a rather considerable expense . . . an expense that wouldn't have been incurred if the Planning Department had not insisted on the easement in the first place.

Bureaucracy, under any condition, is less than wonderful. In this case it is idiotic.

El Cajon Rockhounds Exhibits Gem Displays

Fifty competitive displays of gems, minerals, and fossils will be exhibited by members of the El Cajon Valley Gem and Mineral Society, Inc. this Saturday, 10 a.m. to 10 p.m., and Sunday, 10 a.m. to 6 p.m., according to show Chairman, W. H. (Pat) Fitzpatrick, Spring Valley.

Also to be shown will be collectors' items such as the R. J. (Scotty) Gall Indian Turquoise jewelry collection, considered to be the largest in the southwest; blue ribbon exhibits from the Del Mar Fair, tourmaline from the famous Himalaya mine, and faceted gems.

SD County Rated Second Highest In Southern Calif. Bond Sales

San Diego County's part in swelling United States Savings Bonds ownership to the new all-time high of $42.8 billion for Series E and H today revealed some interesting comparisons.

County Volunteer Chairman Philip L. Gildred released the following statistics after receiving a congratulatory letter from William H. Neal, assistant to the Secretary of the Treasury, and National Director of the Savings Bonds program.

Of the $1 billion 730 million in these bonds which the Treasury estimates are held in Southern California, representing $185 per capita and resulting from the $4 billion 34 million cash sales from May 1941 through June 1960, San Diego County's participation is second highest, with Los Angeles County leading.

In his letter Mr. Neal said that the new $42.8 billion total tops the World War II peak of E Bond holdings by some $12 billion, pointing out the steady growth which has characterized the Bond program throughout the peace-time years since 1945.

"These statistical facts, however, are a comparatively minor part of the story," Mr. Neal told Mr. Gildred. "Of vastly greater importance are the accomplishments of millions of families in making dreams come true through systematic savings; and the patriotic contribution of Savings Bond volunteers like you in making our program not alone successful, but even possible.

"I know I speak for Secretary Anderson and Under Secretary Baird in expressing the Treasury's coongratulations and thanks for your part in this newest Savings Bonds achievement."

Mr. Gildred said that one of every four San Diego county residents is a bond owner—the national average.

LG Demos Plan Turkey Dinner

A turkey dinner will be served by the Lemon Grove Democratic Club on Saturday, September 24, 5:30 p.m., in the patio of the president's home, Mrs. H. J. Warner, 7815 Mt. Vernon Street, Lemon Grove; $1.50 donation.

Proceeds will go to the San Diego County "Dollars-for-Democrats" drive, which started last week-end. This drive is being made nation-wide to give small donors an opportunity to participate financially in their party's election campaigns, instead of having to rely solely on large contributions which may have "strings" attached.

Max Woods, of Buena Park, Democratic candidate for U. S. Congress is the 28th District—made up of San Diego County's 77th Assembly District along with all of Orange County, and said to be the largest district in the state; and Sheridan Hegland, State Assemblyman, 77th District, who is seeking re-election, will be the featured speakers.

The great population expansion is responsible for the growth of the district since its formation after the 1950 census; and, for the fact that Orange County, long a Republican stronghold in the state, now for the first time in history has a plurality of Democratic registrants.

The public is invited to patronize the dinner, meet the candidates, and hear a discussion of the vital issues at stake in the campaign now under way.

Manion Names Erwin to Head Local Campaign

Roy Erwin, 8127 Golden ave., Lemon Grove, was named L.G.-S.V. campaign manager for Jack Manion Monday night.

Manion, a Republican, is seeking to unseat the Democratic incumbent, Sheridan Hegland, for the post of Assemblyman of the 77th Assembly District.

Erwin accepted the post at a dinner given for Manion at the El Morocco club in Lemon Grove.

Erwin said he had arranged for the use of a vacated store building at 7820 Broadway, near Imperial, to be used as headquarters for Manion and other Republicans. Bumper strips, buttons, and other campaign material will be available there beginning next week, Erwin said.

Mrs. Ethel Harvey, Lemon Grove Republican Precinct area chairman will be in charge of the headquarters. Erwin is president of the L.G. Republican Club.

SD Legal Secretaries Offer Training Course

San Diego Legal Secretaries Association is sponsoring and teaching a Legal Secretarial Training Course at Grossmont Adult High School which began Tuesday, Sepember 13. Classes are held on Tuesday and Thursday nights from 7 to 9:30 and are taught by members of the San Diego Legal Secretaries Association.

Any high school graduate proficient in shorthand and typing is eligible to take the course, and upon satisfactorily completing it, will be eligible to become an Associate member of San Diego Legal Secretaries Association.

This curriculum is directly pointed to young women who have had no practical employment in any type of office and know nothing of general office routine or have any specialized legal knowledge, but have the desire to enter the legal profession as secretaries. Originally sponsored by Legal Secretaries, Incorporated, in 1949, this is the first such course to be offered in the San Diego area.

The design of this course of study is to present the essential features of office routine and special legal training, using both lectures by local attorneys and visual aid methods, and will include preparation of documents in connection with Contracts, Wills, Corporations, Civil pleadings, Domestic Relations, and Probate.

A Certificate of Completion will be awarded each student who has satisfactorily completed the course of study, and will bear the recommendation of the local association for employment.

Mrs. Saxon Malone is general Chairman for the course, and will be assisted in teaching by Mrs. Diane Christensen, Miss Alice Diehl, Mrs. Jean Harrison, and Mrs. A. R. Sharp.

"It was nothing... just a fire in the stove"

Are you sure that's all it was, Jim? You know, we might look at it as an exciting demonstration of *municipal bonds at work!*

Remember voting for the bond issue to build a new firehouse several years ago? At the time you said, "This is going to cost me money, but I guess we've got to have it." Then, when you renewed your fire insurance and found the rate was lower, you were pleased.

Think of what you saved today, Jim! Insurance money can't replace what you came near losing. Fortunately, the fire was nothing because municipal bonds gave your community the cash to put engines, equipment and firefighters near your house.

The Bank of America and its associated investment dealers bid on virtually all municipal bonds issued in the State because we have confidence in the future of California and communities like yours. These bonds finance fire-fighting equipment, schools, city government buildings, water and sewage facilities, etc.

Do you know what we at Bank of America do with the municipal bonds we buy? We add some of them to our own investment portfolio—and make the rest available for purchase. No one knows better than you do—living right there on the scene—what a sound investment they are!

If you'd like to make an investment in your community secured by its business, industry and by your neighbors, we suggest *municipal bonds issued in your area.* They're available in denominations of $1,000, pay you a good return and the income you receive is *tax free.* The manager of your local branch of the Bank of America will be glad to give you full information, or you may write to

Fall Fashions Show 'Well Dressed' Look

Men's Wear Adapts British Accent for Fall

The British are coming, in men's wear styling, that is! Men's fashions for fall . . . will speak-up with a British accent.

The English inflection will dominate all the clothing categories . . . suits . . . topcoats . . . slacks . . . hats . . . sport coats . . . furnishings and accessories.

The British are coming in by using authentic fabrics from the little isle; such as tweeds, shetlands, clear worsteds, shepards, cheviots, flannels, urquhart plaids, houndstooth, district and tattersall checks . . . varying only in weight and color.

Natural-shoulder suit styling is the American choice, but the English influence, could be instrumental in reviving the double-breasted suit.

Speaking of colors . . . typically British are the lovat mixtures that will take over olive shades and characteristic blues, gray-browns and beigy oatmeal shades. Chalk and cluter stripes, crow-foots and barley-corn weaves will supplement checks and glens.

Slacks, will have that real "eased English" look . . . forward pleats will replace reverse pleats. Hats, will be full weights, raw edge snap brims . . . flanked by bowlers and boaters while Teutonic Tyrolean types are borrowed from the Shire countries.

British shortwarms, topcoats and rainwear . . . rely mostly on Chesterfield styling; popular Balmacaans come in poplins and reversible tweeds.

Collared shirts, rep-ties, ancient madder foulards, sporting print wool challis cravats, argyle socks and paisley silk squares . . . are new furnishings and accessory items taken from our cousins across the sea

Now, instead of "a salud" or "here's to" you may doff-off with a "cheerio" or a "pip pip"!

SOARING HAT sales depict the return of the "British look" in men's wear for fall. Here R. L. "Sarge" Scott of Lane's Men's Wear, Lemon Grove, suggests that men can compliment this Michaels Stren hounds tooth check sport coat by the addition of the "Urban" hat style by Stetsons. Hat and coat available locally at Lanes.

Smart Leather Is 'Bagged' For New Season

Tailored fashions are taking leather bags in hand this fall. Smoother leathers and fine detailing high-light all the elegantly tailored handbags of the season.

Ornamentation is almost nonexistant, except for small gold or brass closings. Corner studs or buckles are used sparingly on some bags. Dressy bags, Leather Industries of America states, will use sleek leathers and silky suedes. However, grains are seen extensively in large tote-bags, drawstring pouches and casual bags. Box bags, satchels and puff pouches are plentiful.

Swinging back into town-and welcome as an old friend —is the shoulder bag, the bag that leaves your hands free! It comes in soft brushed, smooth or finely grained leathers.

Generally, bags are medium in size, with ample room for the woman's thousand and one necessities, yet small enough ot suit the new season's elegance. Bags, will have full self-standing bottoms this season.

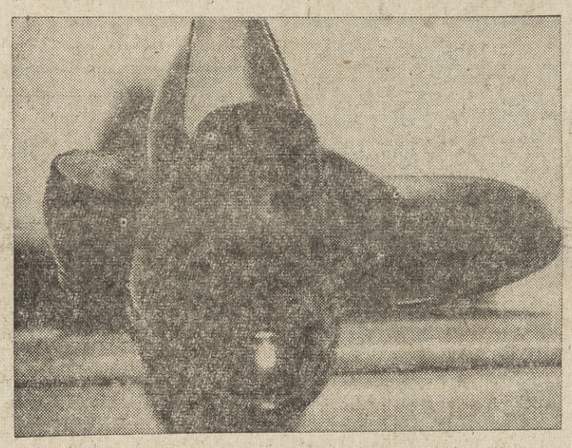

Two exceptions in the trend to smaller bags are the travel and cocktail bags. Travel bags, often in pouchy, soft unlined leathers, double as a pocketbook or weekender. It's popular with college and working girls that plan sport weekends or visits home.

Cocktail clutches in pastel suede leathers and fine gold or silver kids are larger. They hold more of a woman's essentials! These new bags strap-leather color and texture to contrast or complement the ball gown or cocktail dress.

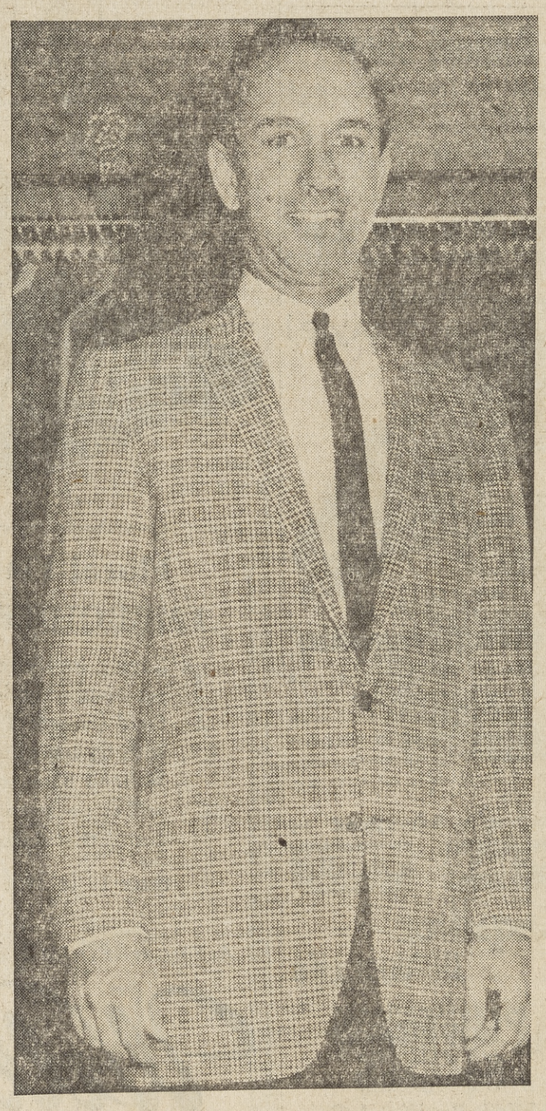

Colors are often "grayed over" in taupe browns, moss greens and smoked blues, as well as light or dark grey itself. Black staple leather bags this fall have rivals in the brown family—to keep up with the big swing to brown leather accessories!

Fun Fashions Show Zest For Casual Living

Fashions for fun will be more fun to wear than ever before. They're really gay . . . in bright colors, bold patterns, fuzzy and nubby textures, and extremely clever styling.

Newest fashions on the scene are knickers. Some appear with matching tops others are designed to be worn with over-blouses and bulky sweaters.

Appearing again this season, in new guises, are culottes. They have moved up from the ankle-length at-home costumes to dress-like designs for town, and above-the-knee styles that are strictly for fun.

Kilts come into their own and expand the more feminine approach to practical sportswear

There will be even more slim pants, and shorts in every length are not overlooked. As with culottes, these will take long, and more bulky or soft tops!

Furs and tunics, two top stars in the fall fashion picture, come into the spotlight in the sportswear scene.

Chinchilla fabrics will be particularly popular, tailored as Bermudas, ponchos, over blouses, separates and ski costumes . . . but there are many kinds of furs and fakes to be seen.

In tune with the brighter bolder look of novelty sports wear are giant wool plaids vivid violet tones, shocking pinks and yellows, vibrant blues and greens.

With the rise of culottes, kilts and knickers . . . tights and knee sox gain in fashion importance . . . and, spats return to offer greater warmth without bulk at the foot. These are sometimes mated to stocking caps and mittens.

Happily, now there are fashions for fun for everyone of every age . . . generous, perfect or slight in figure!

NEW BULKY KNIT . . . school sweater in Mt. Miguel Red, is featured by model Frances Reila. Sweater is six button, patch pocket model with wing collar, manufacturer is Jane Irwill. Skirt is 100% wool in char-black, proportioned styling by Gary Petite. This school fashion outfit is available at Lemon Grove Department store.

MOST WANTED COAT . . . next to mink for fall is this 100% imported cashmere with wrap tailored styling, milium lining, pointed lapel collar, hand stitch detailing and push up sleeve. Coat is modeled by Gloria Deesing of Wigton's, Lemon Grove.

Don't Forget Dash of Spice In Wardrobe

If you're cooking up a new fall wardrobe . . . remember that accessories are to fashion, what seasoning is to cooking!

Accessories are the spice that make a costume a smart expression of personal taste. But, as in preparing a savory dish, it is important to keep spices subtle . . . to enhance, not overpower.

There are several "rules of thumb" you can follow in coordinating accessories.

First, be careful that your accessories do not create a "too matched" look, especially if vivid colors are being used.

To be safe, but not overly cautious — keep your costume limited to no more than two colors. If accessories are basic tones, such as black and white or navy and white . . . being used with a dress or suit in one color . . . then you may use all three tones.

Blending shades in one color family, such as beige, is always smart, and especially good this season.

Keep your accessories and costume in one mood — for example, tailored shoes, hats and jewelry with casual outfits. For dressy clothes choose flowered hats, furs, kid gloves, high heels, etc.

With understated fashions, as many of them are this fall, you very often have a choice of either dressy or casual accessories . . . giving you lots of "two in one" costumes.

THEY'RE WASHABLE! These town shoes can be washed without impairing the natural softness and nap of the suede. It's water repellent, thanks to "Scotchgard" leather protector . . . and will dry in a jiffy. Shoes featured are available at Brumleys, Lemon Grove.

Foothills PTA OKs Jr. College For Grossmont

The Foothills Secondary Council of the PTA supported formation of a junior college in the Foothills area in a resolution passed at their first meeting last week in the La Mesa Junior High School. The motion followed a panel presentation of needs and cost in connection with formation of such a district.

Mrs. Portia Goode, of the Grossmont High School board, and Mrs. Margaret Burnett, of the La Mesa-Spring Valley Elementary School board, spoke of overcrowding in present colleges and of the need for more vocational training for both youth and adults. Pointing to a present enrollment of 11,000 in the high schools of the Grossmont District, they said this area must assume responsibility for educating its own students or see them remain without higher education in a time when it is needed more than ever before.

Maximum tax rate for junior college operation is 35 cents for each $100 valuation unless voters give authority to exceed this rate.

The junior college tuition rate currently 24 cents, will be eliminated if the new district is formed, Smith explained. He said formation, construction and operation of a junior college district would cause a net increase of 9 cents, 23 cents and 30 cents in successive years over the rate which would be in effect if the district is not formed.

The new district would permit twice as many students to attend college, Smith pointed out.

Program for the meeting was in charge of Mrs. Robert Graham, program chairman. Mrs. Robert Wilken, Foothills Council president, presided at the business session.

NEW PRESIDENT — Mrs. Bert Junker was recently elected president of the Spring Valley Lioness Club at a meeting at the Singing Hills Country Club. Other officers are Mrs. Ray Traber, vice-president; Mrs. Hugh Sheils, secretary; Mrs. Fred Sherman, treasurer; and Mrs. Sidney Kent, Mane Puller. Guest speaker at the meeting was Reverend King of the Foothills Methodist Church.

Sweaters Look Big, Are Big This Season

Less weight and lots of fashion . . . is the fall sweater story for men! Here necklines make headlines . . . where bulkies just look that way . . . and flat, dimensional knits are the thing!

Start at the top and check the big revival of V-necks in high cut versions, also broad framed low-V versions. To this add shawl collars in smaller sizes on pullovers, cardigans and zipper-fronts sweaters. Crew necks are back in a big way, usually out-distancing boat necks in the sweater game!

Cardigans have a new look — they're really buttoned up with 5 or 6 closures now the standard. With the big push for V-necks and collars, it looks like pullovers will be crowding out the cardigans!

To shape the body of most sweaters, flat knits are everywhere—and they're plain, patterned or textured! They often look bulky, but they aren't. Fact is, close examination of the sweaters reveal that the fabric often has been flipped (to reverse side) to produce irregular ribbing effects.

Colors are brisk for fall and full of contrasts. Big news, too, is patterning, and it's done in several ways. Newest notion is to form a plaid with vertical ribbing over cross-stripes. Then there are big Navajo stripes plus many classic checks and plaids.

Dazzle To Fall Scene

There's a boom on in beading! Not since the twenties has fashion interest in shimmering bead trim and all-over beaded dresses been as high as it is for Fall '60!

Bead and paillette specialists both here and abroad are "busy as bees" embroidering evening fabrics with glistening bugle beads, seed pearls and crystals, many in intricate patterns.

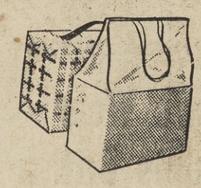

Lavish fabrics are often encrusted with gold, silver or iridiscent spangles and fashioned into graceful cocktail dresses and gowns that are glittering and beautiful.

Designers are including beaded and spangled gowns in all their new collections, removing them once and for all from the "flashy" category.

While many of these gowns are still in the high-priced range, thanks to our American designers and manufacturers the price is falling!

Dinner suits and short sheaths also display beading to fashion advantage. Many of these are hand-embroidered with pearls and huge, headlight sized 'diamonds'.

Sweaters and blouses adorned with beaded or pearl monograms are teamed with satin or velvet sheath skirts for the 'tailored cocktail' look preferred by so many women.

Leather 'Ladies' Choice

In urban street scenes and country landscapes, American women are fashionably feminine this fall in figure-fitted leather coats. The new leather garments have an ultra-soft drape that gives them a flattering cling, or a graceful flow, says Leather Industries of America.

A favorite this fall, is the three-quarter length coat in either smooth or sueded leather. Tailored and belted models are more in evidence than in past years; detailing — on collars, belts and pockets — is kept simple.

Always-smart suede, in all lengths, is having its biggest season in several years. Softly supple and featherlight suede cardigans for teens and college girls, with a school crest or other colorful emblem on the the pocket, will be seen in tan, sand, beige, gray, tawny brown and other autumn colors.

Smartly tailored suede vest for wear over blouses, and sleeveless suede pullovers have a sleek chic that no sweater can match. Wrap coats, chiefly seen in fine cabrettas and kidskin are now available in velvety suedes as well as satin smooth leathers. Larger collars and broader self leather belts frame a neat figure.

Tailored leather jackets and blazers have teamed with soft cashmeres and rough tweeds in casual ensembles. Both smooth and suede leathers for all-weather use are frequently lined in alpacas, fur or man-made furs.

Leather coats are becoming more important in evening fashions too — usually in luster and pearlized leathers.

Brown, this year's leading fashion color is available in a wide range of tones. Black and white, either alone or combined, enhance every wardrobe. Other fashion colors in leather garments this season include deep cranberry red, teal blue and loden green.

THE PANTS ERA

Shocking or chic . . . pants for ladies seem destined for a long stay in the fashion world. And, they certainly deserve a solid niche . . . women have been fighting for the "right" to wear them some 150 years.

In 1810 Paris was shocked, perhaps even stunned, by a few women who appeared publicly in bloomers that tied at the ankles and were overskirted by coat-dresses in mid-calf length!

The original "bloomer girl" first appeared in her home-made outfit in the 1850's.

However, it was a man who initiated the next appearance of pants. In 1900, Chancellor Canfield had a bloomer gym suit designed for wear by his University of Nebraska coeds. At first the girls were embarassed, but soon they were wearing some versions of pants for all active sports.

But, the first sign of real popularity for pants came in the 1920's and '30's. Culottes were the style, and they were seen in both full and dress lengths.

Then, in 1933, Marlene Dietrich posed in slack suits that hid her fabulous and famous legs. Thus the slacks and shorts era began for the majority of women.

In recent years, more and more fashion emphasis has been placed on pants . . . shorts, slacks, capris, etc.

And now, in 1960, culottes, that look very little like the versions of 30 or 40 years ago, arrive smartly on the scene for every occasion!

New Shoes Shape Up With Novelty Details

Heels on new fall shoes stack up beautifully as fashion focal points!

The stacked heel, achieved by placing layer after layer of sturdy wood or leather on top of each other, has been a classic for tailored shoes.

Now these interesting heels appear in dressy daytime styles and all slicked up for evening.

Most unusual are the leathers that simulate the stacked look, and the use of a mid-high heel of this type on a very elegant "dancing" slipper.

Leather is laminated to wood and often enhanced by facets to catch light, just as a cut jewel does. Leathers are sometimes used to simulate true wood grains too.

The stacked heel appears in all heights from spiked to squash; in needle point, scooped, or most any favorite shape.

The program will include introductions of the Spring Valley Elementary teachers and room visitation where parents may become acquainted with the teachers. The 6th grade mothers will be the hostesses.

Dresses Present Smart Array Of Off-Beat Colors, Easy Styles

No matter what your wardrobes plans may be for fall — whether you can afford one dress, or a dozen — there are many wonderfully-wearable dress styles from which to choose.

Interest most often is focused on the bodice area . . . where a slow curve of fit and definition through the torso area and bodice lengthens gracefully to one inch below the normal waistline.

Bloused effects, string or ribbon-belted ties, sleeves ending just above or just below the elbow, more sleeveless styles, and gently-widened sleeves in funnel shapes are the highlights of detail you'll be seeing on new dresses.

The slightly lowered waistline is often sashed or girdled, and belts are being worn again, but now sit gently and lower on the hipbone level!

SLIM SKIRT STILL REIGNS

Although more and more full skirted daytime dresses are making their reappearance for fall, the slim and narrow shaped-at-the-hem skirt is the favored one.

Crisp pleats — box, knife, side and cluster types — define fall's new full skirts. Circular cuts and bias shapes also delineate the softer fullness of skirts.

Skirt lengths stay slightly below the knee, but early indications seem to point up a slightly lowered hemline before the season is over.

FINE LOT OF FABRICS

Wools in jersey, chiffon-weight tweeds, sheer mohair, flannel and broadcloths are the fibers shaping most daytime fashions!

Patterned wools in dramatic color combos . . . both printed and woven, are important in this season's opulent mood!

Plaids and blocks, checks and tone-on-tone prints are news makers for autumn activities.

Necklines invite gypsy scarves, cowl drapes, fur trims and jewelry accents for dramatic emphasis to the dresses' understated look.

Fresh colors are definitely showing up in split personalities — as in coats, suits and other apparel, there's bright bold color on one side—blended, somewhat "moody" colors on the other!

Deep bright or shock bright colors begin with the many variations of lavenders and purples that range from grape tones to deep "eggplant."

Blacks and brown are everywhere; especially the sooty browns that are particularly chic with black accessories braid, jet bead or passementerie trims.

Lighter browns are in the spice families and many have greened-brass tinges. Burnishing gives a new look to cognac, topaz and deep true golds.

Real-red themes raspberry, strawberry and ruby shades. And, brilliant shock shades of blue are borrowed from Oriental themes.

Bold pastels that normally herald the arrival of spring, now sound a brilliant fanfare for fall and after, with robin-egg blue, Paris pink, jonquil yellows, glowing orange, peridot greens, and similar high shades to brighten the autumn scene.

And, the newest neutrals for fall are smart winter whites!

TRIMMINGS ARE CHIC

Most of the daytime dresses seem to have a Spanish air about them, stressed particularly by the use of braids, tassels, passementerie, satin pipings . . ole!

Satin bands shape midriffs, outline bodices and pipe collarless necklines. Knit trimmings appear at necklines, accent waistlines and spark dress bodices.

Fur collars and cuffs are dramatic touches to the sveltest of daytime dresses. Large novelty buttons in trios, particularly, are often used for trims on starkly simple dresses.

Although the look of the season's trimmings are elegant their use is simple and most restrained.

Where There's Fashion This Fall, There's Color!

There are three major influences that highlight and keynote the color story for fall . . .

First, fashion takes on a hazy note in a smoked-over or murky look palatte. These are influenced by the grandstand play of madras fabrics, batiks and the many charred effects of herringbone weaves, deep-tone stripes and paisley effects of men's wear fabrics borrowed for milady!

Second — is fashion's fascination with fur! Many fabrics this fall simulate fur in both colors and texture; other fabrics have fur actually woven into them . . . many fabrics have been specifically designed to blend with furs and others have been created to give a dramatic contrast.

And in the midst of all the "ashes" of color, is the dramatic break through of high colors. Last, but not least, is the opulence of color expressed in lavish tones.

Here the color is bright and exotic! Brilliant gem-inspired reds, blues and greens give luster and sparkle to the fashion scene!

The lavish touch shines through in metallics, glitter and luster of gold-enhanced fabric and in magnificent embroidered and brocaded weaves.

Colors are designed to harmonize, appear solo or duets and even in gay trios; but above all, color is the key to complements and compliments for exciting all wardrobes!

Patterns in weaves and in prints embrace woolens this fall as well as in silks. There are dresses in printed sheer mohair, novelty woven plaid, and a flower-patterned woolen that looks like a print, but is woven like a tapestry.

Palm PTA Board Has 1st Meeting

The first executive board meeting of the Palm Junior High PTA was recently held at the home economics room at the school. The president, Mrs. Frank Armstrong, called the meeting to order with all members of the board present.

The meeting was opened with the Parent Teachers Prayer, given by Mrs. E. L. Denlinger, the Character and Spiritual Life chairman. Reports were given on the budget for the year, the programs for the meetings, and on the school lunch program. Mrs. Alf Holmberg reported on the Foothills Family Service Association and the plans of the rummage sale that will be held for this worthy project.

The following people were approved as chairmen: Mr. Jerry Heath, citizenship; Mrs. Jack Crowningsfield, courtesy; Mrs Ronald East, hospitality; and Mrs. T. D. Mukai, ways and means.

Mr. Harold Brogan, principal gave a brief report on the successful opening of school and thanked the board for the palm trees that were given to each teacher for their rooms. He also told of the coming Bond election to be held October 18.

A swimming pool party pot luck is being planned by the PTA board to honor the faculty and school staff. This will be held at Carmen Ranch this evening.

Refreshments were served by Mrs. Chester Sauer and Mrs. Ronald East.

"Of course it insulates, Fred. But who ever heard of a LATH AND PLASTER lunch box?"

Ensembles Score 'Hits' For Fall

Little or long jackets top all types of dresses, regardless of their skirt styling: bias, or semi - circular; pleated or straight.

Dresses with sleeveless or camisole bodices usually underscore jacket styles. Also, three-piece outfits with blouses and skirts plus jackets are coming to the fore. Handsome jacket linings usually match the overblouse.

Dresses with coats of varying lengths are smart and either sharply contrast or coordinate with companion dresses.

Mink, nutria and fox are but a few of the many exotic and exciting furs that are used to trim collars, cuffs and linings of these fall costumes.

Ocelot, leopard and cheetah furs are used with emphasis and elegance on many of these coat and dress, or jacket and dress ensembles.

In the "ensemble" category are two-piece dresses — composed with an easy-fitting overblouse that's either a separate unit or looks like one — and a soft, supple skirt.

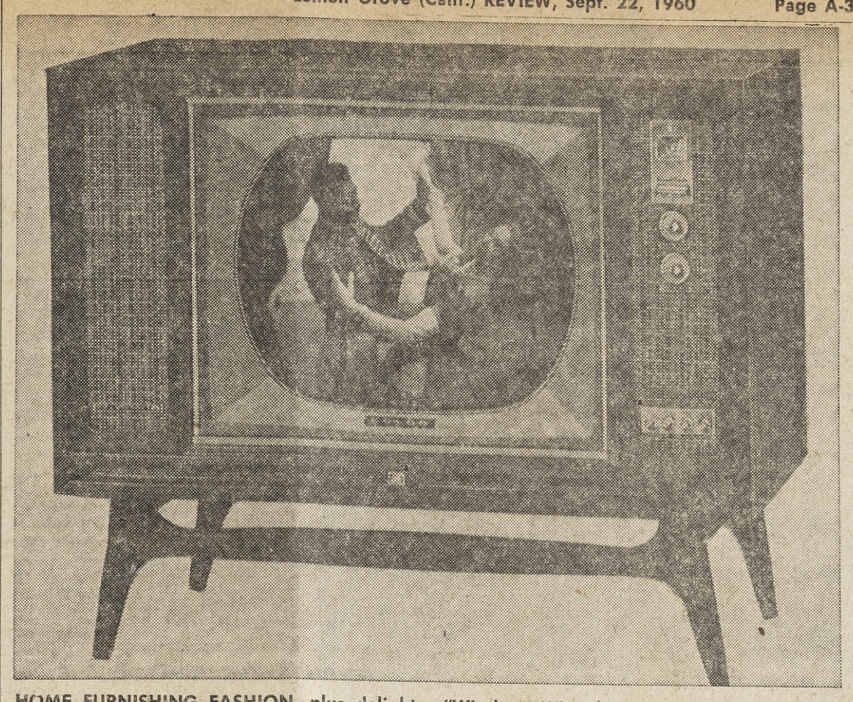

Many of fall's costumes are specifically designed to look like a two-piece dress. This detail is shown in jackets that look like overblouses, often in tunic lengths with ehe dress below in a sleeveless model that can double smartly for late-day wear, solo.

All in all, the ensemble picture is a study in discreet elegance, chic simplicity and dramatic use of fabric and color!

Golden PTA Plans 'Family Eat Out'

The first regular meeting of Golden Avenue PTA will feature a "Family Eat Out" at 6 p.m. Friday, September 23, on the school playgrounds. The largest family present will be given a prize. Following the get-acquainted dinner period teachers of Golden Avenue will be introduced as well as the new principal, Mr. Ernest Causey, and executive board members. Movies will be shown for children during the meeting, and organized games with prizes will be enjoyed.

Mrs. R. L. Gutshall, PTA president, reports proudly that 17 enthusiastic Golden Avenue board members attended Mt. Helix council workshop in La Mesa last week, thereby having the highest number present of the 18 schools comprising Mt. Helix Council.

A Look at Styles Fifty Years Ago:

It's always a lot of fun to look through illustrated books, and check through fashion magazines of days gone by.

Or, to look at the old family album and giggle over the bustles, big hats and high shoes that grandma may have worn!

So, let's take a look and picture the fashions of fifty years ago — fall fashions, 1910!

Charles Dana Gibson's "girl" was just departing from the scene as a new era of elegance and sophistication began.

The dress silhouette was changing; dresses were very slim; just above the ankle; often had their fullness brought to the front and draped or crossed.

Ensembles were important . . . dresses were elaborate and had elaborate coats to match.

The simple tailored suit, was often bound with silk braid, and was set off by a blouse with deep ruffled front.

1910 introduced what was known as the dressmaker suit elaborately tailored to "look" like a dress".

Coats with lavish fur linings came into their own; the favored fur for the lining at that time was squirrel.

Shortly thereafter, fur began to swirl about hemlines, cascade down tuxedo fronts and generally, appear everywhere.

The large fox fur muff, worn with a single fox stole or scarf came into its own — and ponyskins, lynx and black caracul were fur fashion leaders.

Hats became smaller and the "toque" became a favorite.

Women were still bathing beauties in heavy blue serge, with long stockings, big caps and other cumbersome accessories.

And — the average woman was spending about $50 to $60 for her complete wardrobe.

The good old days?

Fashions Have A Taste of Espana

From every leading fashion center . . . east and west . . . comes the fashion cry — "viva espana".

With a grand bow and a mood that's reminiscent of moody guitars, come details that spell a Spanish theme to fall's fashion scene.

Fiery yet gracious are black braid accents everywhere — on velveteen; in serape type stoles, and in brief boleros! Sportswear says "ole" to slim "matador" pants and string-tied overblouses. Flamenco-type polka dots and Spanish fisherman plaids and stripes in brilliant colors come to the fore.

The cabellero look is beautifully played up, and so is the Spanish tunic look.

Grossmont Auxiliary Plans 7th Annual Harvest Ball

Grossmont Hospital Women's Auxiliary's Seventh Annual Harvest Ball will be presented at the Hotel del Coronado October 1. Dinner is at 7:30; presentation ceremony at 9.

The first Harvest Ball was presented in November, 1954, at the El Cortez Hotel, nine months before the Grossmont Hospital opened in August, 1955. Mrs. Von Marshall was the originator of the idea of the auxiliary formal ball. She served as the auxiliary's president for two terms, just completing her last term in May of this year.

As plans for the ball developed, they included the beautiful "Presentation of Daughters" ceremony. The ceremony, although an especially lovely part of a beautiful and important social event, primarily points up the community service purpose for which the auxiliary exists and to which it is proud to introduce its daughters.

Daughters of auxiliary members, to be eligible for presentation at the ball, must be juniors in high school at the time of application; but are seniors by the time of presentation. They must participate in a provisional indoctrination and seminar training program where hospital and auxiliary procedures and ethics are explained and hospital careers are discussed. They must put in 24 hours of volunteer service, including hours served in the hospital under supervision of an adult auxiliary member. After their presentation, that is during their senior year in high school, the girls are expected to give 24 hours of volunteer service as an active member of the auxiliary, under its junior membership program. Many girls go on to give more than this one year's service and even later become active adult members.

The chairman of the 1960 Harvest Ball is Mrs. W. Rollin Lee. Her co-chairman is Mrs. Robert H. Burgert. Other committee chairmen: Music and Arrangements, Mrs. Paul D. Engstrand; Program, Mrs. George W. Conrey and Mrs. John H. Terhorst; Decorations, Mrs. A. E. Brudno and Mrs. William S. Brown; Usherettes, Mrs. Norman N. O'Farrell; Invitations and Reservations, Mrs. Edward M. Tobin and Mrs. Robert Allan; Presentations, Mrs. William H. Teawell and Mrs. William E. Butler; Seminar and Indoctrinations, Mrs. Jens Hutchens and Mrs. Mearl L. Baker; Publicity, Mrs. J. Louis Mierlot.

VELVET TOUCH

Velvet is a natural part of any season when the fashion theme is elegance. So it is this fall . . . with velvet arriving in often unexpected ways. Velvet with wool is seen in tweed suits with velvet overblouses, and in pipings and collars of suit jackets.

For formal dresses, a satin, brocade or bead-paved bodice may complement a velvet skirt.

San Altos PTA Plans Cook-Out

The San Altos School will hold its first Cook-Out of tht season on September 23 from 5:30 to 9 p.m. on the school grounds. Bring your own food and firewood. Punch will be furnished. Coffee and cup cakes will be served for five cents each. There will be games for those who want to participate. Cartoon movies will be shown to conclude the evening affair.

The PTA held their first meeting September 15. The color guard was given by the 4th grade Brownie Troop under the leadership of Mrs. Dorothy Clausen and Mrs. Vivian Mitteer. Inspirational by Mrs. Vernal Wilkinson. A skit was given on Membership In The PTA, to start the Membership drive. The program was a panel discussion on You, Your School, Your School District. Rev. Walter Smith, minister of the Congregational Church of Lemon Grove introduced the panelists. Byron Netzley, Sutp. of Lemon Grove School District, Robert Sjogren, Clerk on the District School Board, Douglas Giles, principal of San Altos, Mrs. Joy Hanna, teacher of kindergarten of San Altos. According to the panel there are 4,100 students enrolled in the District's Schools, 550 students are on double sessions. Temporary buildings are too costly for the amount of time they are used. LOW GRADES DUE TO UNDETECTED READING DISABILITIES

Unknown to parents and teachers, undetected reading disabilities and inadequate basic reading skills may be a chief factor underlying low grades and emotional problems, revealed Eli T. Ross, M.Ed., Director of the El Camino Reading Clinic.

Director Ross pointed out that Dr. Conant, former president of Harvard University, disclosed in his recent survey that in some of our schools 40 percent of the children are not reading as they should. And if children cannot read as they should, how are they to be properly educated?

To eliminate the doubt and to provide the answer for concerned parents and educators, El Camino Diagnostic Reading tests are designed to probe beneath superficial reading skills, said Mr. Ross. Where reading problems are discovered, the 3-fold clinic program helps students achieve the best possible grades; Remedial for students having difficulty at school due to fundamental deficiencies, Developmental for students of any age not working to capacity and Accelerated for the superior student and adult needing a challenge to higher academic achievement.

For Diagnostic Testing, information and clinic workshop schedules, call or write the
